

**ALL SAINTS  
ACADEMY**

Under the headteacher's leadership, and supported by trustees, the staff team has worked successfully to create a welcoming and happy school.

# Welcome

Thank you for considering All Saints Academy for your child. As a parent myself, I know the importance of making the correct decision when choosing a school for your children. In reading this prospectus I hope that you will gain an insight into all that we can offer your child.

The Christian ethos of our school is strongly reflected in the quality of the pastoral care and through strong links with the local Church. We are a happy, caring, supportive school where the success of every child truly matters to us.

We want our children to be excited, enthused and energised by their learning. A vibrant curriculum ensures children are given every opportunity to fulfil their potential through personalised learning. We not only value academic achievement but promote artistic, dramatic, musical and sporting success for all.

We look forward to meeting you and would be delighted to have the opportunity to show you round All Saints Academy.

# Building Futures

Our aim is to provide outstanding teaching and learning for every child. We know that children learn best when they enjoy what they are doing. We want our children to become independent learners with high aspirations.

The curriculum is planned with a strong emphasis on creativity. Reading, writing and mathematical skills are developed through a cross-curricular approach which enables the children to apply what they have learned in other subjects into different situations.

The exciting curriculum offers pupils many opportunities to develop a range of subject-specific skills well.

# Shaping Lives

At All Saints Academy we are very much aware that we are helping shape the adults of tomorrow.

We place great emphasis on developing children who are creative, responsible, caring individuals who have respect not only for those around them, but also for themselves.

We believe in not only giving our children aspirations but in helping them to achieve them.

Pupils are very polite and welcoming to visitors and make new pupils quickly feel part of the school community.

# Christian Ethos

All Saints Academy evolved from the original Church school for the village, dating from 1899, and we have maintained close links with the Church.

As a Church School, daily acts of collective worship are held, these are ideal opportunities for children and staff to gather together and to foster spiritual, moral, social and cultural development. We are a fully inclusive school that values all cultures and beliefs.

The distinctiveness  
and effectiveness of All  
Saints Academy  
Darfield as a Church  
of England school are  
outstanding.  
SIAMS 2016

Trips, residential  
visits and  
sporting  
activities  
engage pupils'  
interest.

# Safe, Secure & Supported

At All Saints we want our children to enjoy learning and we are committed to meeting the individual needs of all our pupils through motivating and challenging them to achieve their full potential.

We encourage our children to make a positive contribution to school and the wider community. We want them to be healthy and safe and to behave responsibly, showing respect and tolerance to others whilst fostering both self worth and high moral standards.

As a school, we aim to provide a nurturing, calm environment where all our pupils feel supported, safe and cared for.

A very big thank you to  
Teachers and children.  
The Harvest gift was  
wonderful and your little  
children a ray of sunshine  
at my door. Thank you.

Local resident

# Parents & Community

We believe that progress is greatest when both school and parents work together with the children. We seek to welcome parents into school to support their children and to share in celebrating their successes whenever possible.

As a school we aim to be the hub of the community. Our children regularly support the community through events such as: Harvest gifts to the elderly, choir performances and support for local charities. Our Parent Support Advisor (PSA) is always available with advice when help is required.

# Moving On

Our hope is that when children leave the All Saints Academy family, it is to go on to lead happy, successful, fulfilled lives, with fond memories of their time with us.

By the time they leave, our children will have been challenged to develop independence, motivation, inquiring minds and a life long love of learning. They will have a secure academic foundation and will be well prepared for their next phase of education with self belief, integrity, self worth and a respect for others.

At All Saints Academy we aim to give our children the very best. Nothing else will do.

Outcomes  
are good. From  
starting points that  
are below typical,  
pupils make good  
progress.
