Dear Parents / Carers

Unfortunately, for the last two nights we have had a number of children and teenagers causing issues on the school premises and the surrounding local area. They have been entering the school grounds including when the site is locked and secure; banging on windows; climbing onto the school roof and verbally abusing and threatening both members of staff and local residents. As I am sure you can all understand, this kind of behaviour is completely unacceptable and the police have been informed. I have also contacted the local secondary school to address our concerns.

The vast majority of these children do not attend our school. The very small minority who do have been dealt with and we have found our parents to be incredibly supportive of our concerns. However, I would ask you to ensure that none of your children get involved in this behaviour and that you speak to your children about making the right choices.

We have taken further steps to secure the school site and I would like to take this opportunity to apologise to any of you who live locally and have been affected by this.

I hope that we can all work together to bring such behaviour to an end quickly.

Thank you for your continued support.

Kind regards

Miss Marsh

Acting Headteacher
